**CUSTOMER PROPRIETARY NETWORK INFORMATION POLICY  
FOR ENSURING COMPLIANCE WITH 47 C.F.R. § 64.2009**

West Central Pagers, Inc. ("West Central") has established the following procedures for ensuring compliance with 47 C.F.R. § 64.2009 concerning use of customer proprietary network information ("CPNI"):

1. It is the policy of West Central to only mail customer bills to the name and address identified on the customer account. No third party will be provided with access to a customer's account information absent a signed written consent from the customer permitting such access. The written consent must contain the customer's name, date of birth, social security number, driver's license number and state, and account password (if applicable). Notwithstanding the foregoing, West Central may permit a third party access to CPNI without first obtaining the customer's consent if the third party request is made pursuant to a lawfully issued search warrant or subpoena.
2. Before responding to any request to provide CPNI, West Central will verify the requester's name, date of birth, social security number, driver's license number and state, and account password (if applicable) to confirm that the requesting party is the customer to whom the request relates.
3. West Central will train its personnel as to when they are and are not authorized to use CPNI, as mandated by 47 C.F.R. § 64.2009(b), and will secure from all personnel written confirmation that they have received such training and understand the requirements imposed by Section 64.2009. West Central will also have in place disciplinary procedures in the event of unauthorized use of CPNI.

4. West Central does not engage in any sales or marketing activities that would involve any use of its customers' CPNI, as described in 47 C.F.R. § 64.2009. Were West Central to engage in such activities in the future, however, it would take all actions necessary to comply with all the requirements under 47 C.F.R. § 64.2009.
